October 1, 2018

Dear Parents and Guardians,

Due to a clarification of guidelines regarding required minutes by the Colorado Department of Education, it has become necessary to make an adjustment to our schedule. After carefully weighing the options, we collectively as a district decided to extend first and second semester final exam days to full days of school, instead of early dismissal days. The revised 2018-19 schedule is attached here. We apologize for any inconvenience due to this change. More information will follow as we get closer to our semester exams.

Sincerely,

A handwritten signature in black ink that reads "Lisa Roberts".
