

## Grandview High School PTCO 2018-19

### What is the PTCO?

The Grandview High School Parent-Teacher-Community Organization (PTCO) is you. All parents and students, staff and faculty, and all others in our community are members of the PTCO. The PTCO is supported through the work of volunteers and donations from individuals and businesses that are committed to bringing together a strong community in support of our mission.

### Our Purpose

To assist in attaining the highest level of education for, and welfare of, the entire student body of Grandview High School through the cooperative efforts of the faculty and staff, the Cherry Creek School District community and the parents.

Over the last two school years alone, the PTCO has been able to purchase over \$53,000 in important equipment such as Chromebooks with carts, headsets, Smartboards, Spanish language reading books, cameras for the visual arts department, DNA markers for Science, Music Therapy for ILC, HEX Training Bars for our athletes, Medical Ice Machine, Calculators, and more. PTCO also provides a pancake breakfast at Homecoming, organizes After Prom, provides a bi-monthly newsletter to our community, provides teacher meals throughout the year, and hosts an annual Craft Fair. Your student benefits daily from the programs and services paid for by the Grandview PTCO.
